TELEGRAPH NOTES

KANSAS CTTY, Aug. 5 .- The Armour Packing Company of Kansas City may prove an important factor in the war between China and Japan, if pending negotistions are carried to a successful end. Recently it received a cablegram from Yokohama, Japan, from the Mikado's Government, asking for its price on 500,000 pounds of canned corned beef for the Japanese army. The company cabled its answer and pending a reply, which is expected soon, prepared to go into the business of supplying meat to battling Asiatics on a big scale.

The company has also opened negotiations

He hasn't changed his mind about Major Worth for ordering Private Cedarquist to engage in target practice on Sunday. The court will convene August 13th, and in the meantime Major Worth is under has found out that he went the wrong way arrest. The case hinges on a military law established by President Lincoln that nothing shall be done in the army on the Sabbath in the nature of work during peace that lation fail rather than not to get them, but was not absolutely necessary to the health he regrets having jumped on those who of the department, except in emergencies. The emergency in this case was that Major Worth desired to complete his field practice was purely a case of religious ecruples. It

states that he expects to be in New York next week to meet Pugilist Corbett and, if possible effect arrangements for a mill.

CHICAGO, Aug. 2.—The Pullman works were started to-day without demonstrations. But 250 men reported for work, although the company expected 800. About 1000 strikers gathered about the buildings and

When sentence was pronounced the prisoner raised a scornful shout of "Vive la revolution sociale." The anarchial cry was hardly uttered, when the gendarmes handcuffed the prisoner and jerked him towards the door leading to the cell beneath the court. This door was opened hastily, Caesare was hurried through, and as he disappeared a feeble cry of "Courage comrades vive l'anarchie." was heard echoing from the stong corridor through which the assassin | Pa., the author of the bill, and by whose was being carried.

The free traders publicly bluster quite as loudly as they did a week ago, as to the the House conferees holding out for free raw materials until the Senators are compelled to surrender, but their private talk and acting tells another story. Mr. Cleveland has discovered that he could not dictate to the Democratic Senators in matters affecting the wellfare of thousands of citizens of the states they represent, and he is said to deeply regret that he allowed the advice of chaser, to outweigh that of Secretary Carlisle, who advised him not to send that free coal for the benefit of the Whitney syndicate, free iron for the Carnegie crowd, and protection for the sugar trust, but he form. Each of the old parties, Republican and Democratic, have proved themselves recreant to their pledges and duty to the People and inimical to the free institutions of our government.

They are new colluding, or rather their leaders are, to foist upon the government another administration, Republican in mane, but governed by the same foreign pool that has governed the present administration, which means a further and continued subversion of the rights, industries and commonweal of the American People.

It is useless to attempt to fight the common onemy by divided action, and local parties or organizations of different rames but with no national significance.
